Description

Handles software installation requests

Reasoning

The user is asking about how to install software. I should use the Software-Installation tool to handle this request.

Method 2: Submit a Request

For software not available in Self-Service Portal:

1. Submit a Ticket

◦ Contact IT Helpdesk

◦ Provide software name and version

◦ Explain business justification

2. Wait for Approval

◦ Manager approval may be required

◦ IT Security review for new software

3. Installation by IT

◦ IT team will install remotely or schedule a time

◦ You may need admin rights temporarily

Important Notes

• ⚠️ Never install unauthorized software - security risk

• 📄 Check with your manager if software requires licensing

• 🛡️ Only use official/approved sources

• 💾 Backup important data before installation

What specific software are you looking to install? I can provide more targeted guidance.

"Leave of Absence Policy: Types & Legal Considerations - Factorial Home Blog Tips Leave of Absence Policy: Guide to Absence Types Tips Leave of Absence Policy: Guide to Absence Types March 13, 2025 · 6 min r..."

Reasoning

The user is asking about leave policy again. According to GLOBAL_RULES rule #4: "Never repeat the same answer to a question in consecutive messages."
I already provided information about leave policy earlier in the conversation where I said:

- 20 paid leaves per year
- Sick leave available
- Casual leave included

Edit knowledge

family member 10.

Other Types of Leave

- **Jury Duty Leave:** Most states have laws prohibiting employers from penalizing employees for serving on a jury and ensuring job restoration 10.
- **Bereavement Leave:** Many employers choose to include compassionate leave in their paid or unpaid leave policies 10.
- **Parental Leave:** It is an essential time for new mothers to recover from childbirth and for parents to bond with the baby 10.

How Leave Works

A leave of absence policy specifies the types of leave employees are entitled to, whether time off is accrued or assigned, and the applicable limits and requirements 10.

For specific details about **your organization's leave policy**, please consult your employee handbook or contact HR directly.
